- Students awarded a scholarship will be required to utilize the funds exclusively for the academic year for which they applied. Failure to enroll and use the scholarship within the designated timeframe will result in forfeiture of the award. Additionally, withdrawal from NMME will result in forfeiture of the award.
- No deferrals or extensions will be granted except under extraordinary circumstances beyond the applicant's control, which must be approved in advance by the scholarship committee at its sole discretion.
- Scholarships will not be issued without confirmation of the student's enrollment into the NMME program.
- The NMME board may revoke a scholarship if the student fails to adhere to the NMME handbook or does not attend his/her class at least 75% of the school year. If the scholarship is revoked, the student will be responsible for repayment of the full amount to NMME.
- NMME scholarships are not automatically renewable. Applicants must reapply annually, meeting the same eligibility criteria as first-time applicants, including enrollment and adherence to program guidelines. Previous recipients may reapply but are not guaranteed an award, as all applications are competitively reviewed.
